We, the public servants of various departments, residing at Kudligi, beg to detail our grievances for your kind consideration and favourable disposal.

The Government have recently passed orders in their G.O. 3 dated 22-1-51 (P.W.D.) declaring Kudligi as an unhealthy locali with effect from the date of this G.O., and sanctioned concessi (unhealthy locality allowances) under the provision of 'Special Pay and Allowances' to the servants of the Electricity branch o P.W.D.

We are fully confident that the intention of the Governmen not to make distinction between servants of one department and of another and create dissatisfaction and discouragement among t

In fact, the officials of the Electricity Department for w the 'unhealthy locality allowance' is sanctioned are our next-d neighbours. Those particular buildings where they reside canno alone be said to be unhealthy. The criterion is whether any lo is considered unhealthy or not. Kudligi as such having been declared unhealthy, the concessions (unhealthy locality allowan allowed to the servants of the Electricity Department should ip facto, naturally be extended to officials of other departments.

We therefore request the Government to consider our claims and extend the above stated concessions (unhealthy localities

llowance) to other departments too at Kudligi, with effect fr
22-1-51, the date from which the Electrical Department has been
granted, and, irrespective of the fact that the servant belong to
his limb or that limb of the Government.

The question of unhealthy locality allowances to P.H. subordinates may be considered when representations are received from them in the matter.

If the allowance is admissible on the merits of the case, lack of a representation need not stand in the way. I would say let all such Servants get the allowance.
